ACCOUNT TYPE where equipment is located: Farm Small Business Commercial/Industrial

GENERAL BUSINESS DESCRIPTION: _____ (e.g. Manufacturing, School, Grocery, Office, etc.)

Installation and Equipment Information

YEAR BUILDING BUILT (approx.)

IMPORTANT:

TYPE OF INSTALLATION:

- New Construction
- Additional Equipment in Existing Facility
- Replacement of Existing Equipment

- Equipment must meet ENERGY STAR Criteria for Commercial Food Service Equipment.
- To receive the dishwasher rebate, the water heater providing hot water to the unit must be electric (resistance or heat pump).

DATE INSTALLED

Use Rebate Table provided on the back of this form to assign proper Code and Rebate for the equipment installed:

Code	Brand	Model Number	Serial Number	Specific Equipment Info (Provide for the type installed)			Unit Price	Rebate Per Unit	QTY	Rebate
				Refrig. or Freezer Size (cu. ft.)	Steam Cooker Size (Number of pans)	Dish-washer Booster Heater (E=Electric G=Gas)				

Maximum rebate per facility is \$5,000 per year.
Individual Rebates cannot exceed 50% of the purchased price for each appliance.

TOTAL REBATE

Attach invoice and manufacturer's spec sheets.

		Multi Tank Conveyor	DH4	\$800
	Pot, Pan, and Utensil	PPU	\$250	
Steam Cookers	Electric	3 to 7 Pan Capacity	SC	\$750

General Terms and Conditions

Rebates shall be pro-rated based on the percent of power supplied by the utility if the customer has distributed generation.

Application Information: Missing or incorrect information on the application may delay processing and delivery of the rebate. An invoice is required and should include specific product information, including the brand, model, serial number and date of purchase of the energy efficient measures. Other information including manufacturer's equipment performance sheets may be required upon request.

The Utility reserves the right to verify sales transactions and to have reasonable access to the Customer's facility to inspect pre-existing equipment (if applicable) and energy efficient measures installed under this program.

Warranty Information: The Utility makes no warranties, expressed or implied, with respect to equipment operation, material, workmanship or manufacturing. The Utility does not guarantee that a certain level of energy or cost savings will result from the use of products covered by this program.

Limitation of Liability: The Utility's liability in connection with this program is limited to paying the rebate specified when all terms and conditions have been satisfied. Under no circumstances shall the Utility be liable for any consequential or incidental damages or tax liability resulting from participation in this program.

Participant Certification: Participating Customer certifies that he/she purchased and installed the equipment listed on their application at the defined location served by the Utility. The Customer agrees that all information provided is true and that he/she has conformed to all program requirements. If the equipment and application does not comply with the Utility's rules and qualifications, the rebate amount may be denied or adjusted.

Program Changes/Termination: The Utility reserves the right to extend, modify (including incentive levels) or terminate this Program at any time without prior or further notice. The Customer is responsible for checking with the Utility to determine whether the program has been changed or is still in effect.

Customers must apply for rebates within six (6) months of the purchase date (as shown on the Customer's invoice) and are subject to the current year program offer if received after January 31st. Past eligibility, however, does not guarantee that equipment will meet criteria for current programs in effect.
